

## SUMMARY

**T. Kussaiynov** (e-mail: kta2006@bk.ru)

### **INCOME INEQUALITY AND ECONOMIC DEVELOPMENT**

Income inequality in modern society is generated not only by natural causes. Of utmost importance are, on the one hand, the economy structure and the level of economic development, and, on the other hand, the government income distribution policy and the tax system, the latter being of primary significance. According to the author, many economic growth problems would be resolved more successfully if a policy of expanding and strengthening the middle class was pursued. One of the necessary conditions for this is to return to a more equitable, progressive form of income taxation.

**Key words:** inequality, income distribution, middle class, rents, taxation, economic development.

**Yu. Knyazev** (e-mail: kyuk151@rambler.ru)

### **ABOUT RUSSIA ECONOMIC MODEL CORRECTING AND NEW STRATEGY OF DEVELOPMENT**

The author examines issues of Russia economic strategy conception and considers as unjustified the position of our State authority limiting itself `by palliative anticrisis measures. He analyses key directions of economic model correcting.

**Key words:** economic model, strategy of development, purposeputting, mechanisms of aims realization, State-private partnership.

**T. Turdiev** (e-mail: talaai@mail.ru)

### **CATHING-UP DEVELOPMENT: TEORETICAL ASPECTS AND PRACTICE IN KYRGYZSTAN**

Due to the system social-economic crisis Kyrgyzstan has started to fall behind the public-economic development. Objectives of the national economic modernization are getting topical issue. The article considers the social-economic conditions of the country in the context of economic upgrading. And in conclusion of the article is said the country needs in upgrading on the basis of the «green» economy.

**Key words:** catching up economy, national economy upgrading, economic integration, innovative development, «green» economy.

**I. Buzdalov** (e-mail: tamara.buzdalova@yandex.ru)

### **ON FUNDAMENTAL BASIS AGRICULTURAL POLICY**

The article deals with the fundamentals, methods and mechanisms for the implementation of agricultural policy. Showing flawed agricultural policies pursued in Russia, the lag in the development of its new model of responsible innovation strategy for

agricultural development. The basic directions of transition to this model, requiring the implementation of the principle of priority of rural development.

**Key words:** agrarian relations, fundamentals of agricultural policy, the state and the peasantry, private property and land relations, co-operation and co-operative legislation, priority rural development.

**S. Ryzhov** (e-mail: vl\_ryzhov@yahoo.com)

### **HUMAN CAPITAL – THE MAIN VECTOR OF ECONOMIC DEVELOPMENT**

In nowadays world turbulence in political, economic and social life continue to be on the increase. More over they occur to be more frequent and durable. The sustainable development of the world economies to profit by traditional sources and methods does not permit to achieve global positive targets. The creation of the post-industrial society becomes subject of more growing criticism. The most evident achievement of it is an enlargement of a virtual financial sphere which provokes new crisis. Analyzing modern approaches, there is an attempt in the article to search the way out of the situation where economy of Russia is situated after 25 years of the reforms,

**Key words:** sustainable, globalization, innovation, technology, crisis, intellect, postindustrial, competition, potential.

**Yu. Taranukha** (e-mail: yu.taranukha@mail.ru)

### **COUNTRY COMPETITIVENESS: WHY FIGHT FOR IT**

The article substantiates the position that at the core of a country competitiveness lies it's ability to reallocate value created in the world economy in it's favor, and that what stimulates a country to improve it's competitiveness. Competitiveness at macro level defines competitiveness at micro and meso levels of the economy. The country's ability to maintain a leading position in the global economy is ensured in two ways: through lower costs or due to availability of unique knowledge and skills.

**Key words:** competition, competitiveness, competitiveness of nations.

**A.Navoyev** (e-mail: nav4646@mail.ru)

### **ABOUT CAUSATION OF OIL PRICES AND THE EXCHANGE RATE**

The article shows that the financial analysts in its conclusions about the causal relationship of oil price and exchange rate are based not on generally accepted market principles and the facts reflect only the correlation of oil prices and the dollar exchange rate.

In fact, the ruble is influenced not dynamics of oil prices per se but the intervention of the Bank of Russia, which though declares the free formation of prices, actually non-actions interfered in the process of formation of the exchange rate through the creation of artificial shortage of currency and excess demand in the form of emission of roubles, secured by the goods.

**Key words:** law of demand and supply, exchange rates, monetary policy, equity purchase of currencies, the accumulation of currency and its exchange rate.

**V. Pleshchenko** (e-mail: v\_pl@mail.ru)

**ON THE ECONOMIC THEORY OF CLUBS AND CLUB INSTITUTIONS  
ROLE IN «NEW ECONOMY»**

The development of modern consumer society initiated the emergence of new forms and mechanisms of socio-cultural stratification of the people. Also happened parallel theoretical and methodological understanding of coordination and communication processes within communities of interest which led to the formation of the economic theory of clubs. Currently, economic theory of clubs, in addition to the relations among individuals, covers and more processes in the economic sphere, becoming, along with the theory of the network society, the theoretical foundation for the development of modern interfirm coordination. Development of business-to-business interaction goes on a journey of creation club business communities as institutions network coordination.

**Key words:** consumer society; the economic theory of clubs; the «new economy»; the intercompany co-ordination; institutions; network structures; business community; business reputation (goodwill).

**O. Khairtdinova** (e-mail: khairtdinova.oa@gmail.com)
